

### Cat with Feline Hot Spot

#### BEFORE

#### AFTER 7 DAYS

Information displayed is provided by our customers. Vetericyn is a great addition to any wound care regimen. Always consult with a veterinarian for systemic conditions.

<b>Feline Patient:</b>	Jynx - Cat
<b>Wound/Ailment:</b>	Feline Hot Spot
<b>Affliction Date:</b>	August 13, 2009
<b>Vetericyn Product:</b>	Wound & Infection Care (HydroGel)
<b>Application:</b> (initial usage, current usage, protocol)	For the first couple of days the HydroGel was applied 3-4 times a day.
<b>Healing Period:</b>	7 days
<b>Owner's Comments:</b>	"Positive results were seen within 24 hours. Since Vetericyn did not sting, Jynx did not mind having it applied to her wound."

### Immediate Acting, One-Step Wound & Infection Care

Vetericyn animal wellness products are innovative topical solutions for the care of wounds, infections and irritations caused by bacteria, viruses, fungi or spores. This steroid-free, antibiotic-free, no-rinse solution is non-toxic. Made up of compounds similar to those produced by the animal's own immune system, Vetericyn will not harm healthy tissue. Vetericyn products are manufactured within an appropriate physiological pH range so they will not sting when applied. This product, in solution, kills 99.999% of bacteria, viruses, fungi and spores including E.coli, Staph (MRSA), Strep, Moraxella bovis, Pasteurella, Actinomyces and Pseudomonas aeruginosa. Tests free for competitive animals.
