

Use Vetericyn to quickly and safely care for topical wounds and infections.

We know you care about your pets, we care about ours too. That's why we are excited to offer Vetericyn for the care of your pet's topical wounds and infections. Vetericyn makes caring for your pet simple and easy. Just spray Vetericyn on the wound, site of infection or irritation. Vetericyn is non-toxic and will not sting when applied, plus, there is no rinsing or messy clean-up.

Our customers have seen amazing results (see our website and testimonials within this brochure). We are confident you'll see similar results when you try Vetericyn.

Testimonials

The testimonials below demonstrate the experience customers observed with use of Vetericyn in as little as seven days.

Horse With Dryland Distemper Outbreak (Pigeon Fever)*

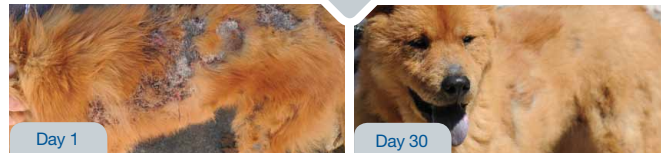

*Vetericyn cares for the secondary infections caused by Dryland Distemper. In this case, Vetericyn was used in conjunction with one round of antibiotics.

Calf with Eye Infection

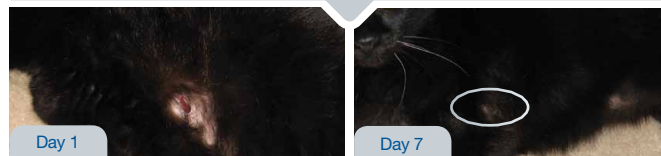

Dog with Wounds and Sores from Mange**

**Vetericyn cares for the wounds and sores caused by mange and secondary infections. In the case of mange, a treatment to kill the mites is still required.

Cat with Hot Spot

Immediate-Acting, One Step, Animal Wellness Products

Product Features

Vetericyn animal wellness products are innovative topical solutions for the care of wounds, infections and irritations caused by bacteria, viruses, fungi or spores. This steroid-free, antibiotic-free, no-rinse solution is non-toxic. Made up of compounds similar to those produced by the animal's own immune system, Vetericyn will not harm healthy tissue. Vetericyn products are manufactured within an appropriate physiological pH range so they will not sting when applied. These products, in solution, kill 99.999% of bacteria, viruses, fungi and spores including E.coli, Staph (MRSA), Strep, Moraxella bovis, Pasteurella, Actinomyces and Pseudomonas aeruginosa. Tests free for competitive animals.

- In solution, kills 99.999% of most bacteria, fungi, viruses and spores (including MRSA, E. Coli, Strep, Staph, Pasteurella) in just 30 seconds
- Non-toxic
- No steroids, antibiotics, alcohols or tea tree oil
- Does not sting or irritate
